

Dookie Calendar 2010 – 2011

We need your help to design the next Dookie Calendar...

- Would you like to choose one of the 18 month themes?
- Do you have a photo at home you would like to include?
- Would you like to borrow the digital camera and take your own pictures for the calendar?

The next calendar will be similar in design to the last two Black & White ones designed in 2006 & 2008. The theme of this 18 month, 2010 - 2011 Calendar will be **historical photos**, contrasted with present day photos of our town and district. Themes include; Community people, Dookie & District landscape, main street and street names.

We need ideas and input from our local community. In particular we are looking for:

- People to come up with ideas for the 18 theme pictures (one for each month).
- Historical photos to scan, so we can take a present photo to highlight how much has changed or stayed the same!
- Comments and notation on the photos to be included in the calendar.

Lifestyle Dookie has purchased a Digital Camera, High Resolution Scanner & Digital Voice recorder and encourages all community members to drop into the Dookie Emporium to share their special memories and photos. Any memories shared will be included with the contributed photo. Once the historical photos have been collated and themes chosen around these pictures, current photos will be taken, hopefully by either you and/or a professional photographer.

A launch at this year's Dookie Show will showcase the 18 theme photos which will be framed and displayed around our community. The calendar will be on sale at the Dookie Show until sold out. All proceeds to be donated back to the community.

Please contact the following people to become involved in this special and important community project.

- Virginia Boyd – Project Manager – 0407 669 597 or 58289282
- Janie Christopherson – Dookie Emporium – 0409 559 380 or 58288336
- Alice Tallis – 0408 171 983 or 58286393
- Andrea Graham – 0411 663 670 - 58288306

All equipment purchased is being donated to the Dookie Historical Society to continue their valuable work in our community. The scanner will be located at the Dookie Emporium for you to use.
