1. Lifestyle Dookie Profile

- A group of *local* women with a passion for Dookie.
- Evolved from the Dookie Development Forum community meetings and the subsequent strategic outline identifying the need to brand and promote Dookie.
- Comprised of 25 members with a working body of 10. Open to all community.
- Devoted to promoting and building the emerging wine, food and tourism ventures in the Dookie District.
- Committed to improving the quality of lifestyle in the Dookie district and building the Dookie brand.
- Identified a vision for the enterprising Dookie community and the exciting direction we can all take to get there.

2. Our Vision

The vision of Lifestyle Dookie was articulated by members at a business planning meeting in 2005. The essence of this vision is to make Dookie a better place to live, visit and do business:

- ✚ I see Dookie as a place where people from nearby regional centers may visit for a day or an evening for fine food, wine and entertainment.
- ✚ Maybe there will be a small gallery showing work by the many local artists.
- ✚ Tourists passing through Shepparton will visit local Dookie attractions and perhaps stay over in a B&B.
- ✚ Develop the Dookie township as a wine and food town.
- ✚ Dookie - A University Town.
- ✚ Build our main street to be something we are proud.
- ✚ Possibly renovate our General Store and add a bakery / café to our main street.
- ✚ Make Dookie a local place to visit on a weekend for a drive.
- ✚ Place to meet up with friends for a good meal or drinks/coffee.
- ✚ Accommodation for family and friends – nice but not too expensive.
- ✚ Dookie Show to keep going – new ideas and members for the committee.
- ✚ Good complex to hold functions – yes this is on the go already.
- ✚ I would love Dookie to be a destination for people seeking a great dining experience – whether it is fine dining with locally produced food and wine, or a specialty hamper for a picnic in scenic lavender fields at the foot of historic Mt Major.
- ✚ I would love to hold an annual event that no-one would want to miss and also be able to wonder down to a great little café in the main strip for some good coffee and soul music whenever I felt like it.
- ✚ Website – Lifestyle Dookie and Branding of Dookie–Creating a strong identity including motto such as ‘Dookie by Day or Dusk’
- ✚ Development of Tourist Trail – Walks/Bike Tracks/Winery walkabout/Olives/Lavender
- ✚ Improvement of local gardens

- ✚ It is possible to see the potential to help change Dookie and surrounds into a town and district we can all be proud of.
- ✚ A proposed food/wine hall which would incorporate the regions history would help to achieve this, celebrating the return to a vibrant wine industry.
- ✚ Establishing a tourist drive which would incorporate the regions past and present vineyards, the surrounding extinct townships, and the areas magnificent views (with the reopening of Mt Major).
- ✚ Developing a venue that would showcase the areas history, whilst bringing social and economic benefits to the region.
- ✚ I would like to see Dookie remain a small town, but one that is a vibrant and active centre for the surrounding district. I think the group can assist in achieving this goal by working towards improving the social fabric of the community.
